sources for studying the holocaust provides a pathway for readers to engage with questions about what sources can be used to study the holocaust for many historians the challenge has been how to rescue the story from oblivion when oft used sources for other periods of history introduce even more issues around authenticity and reliability what can be learned of what transpired in villages and towns numbering several thousand people when all its jewish inhabitants were totally obliterated through nazi action who can furnish eyewitness testimony if all the eyewitnesses were killed how does one examine written records preserving knowledge of facts or events where none were kept or survived the onslaught and what weight do we put upon such resources which did manage to endure the destruction wrought by the holocaust each chapter looks at one of a diverse range of source materials from which scholars have rescued the history including survivor testimony diaries letters newspaper accounts photographs trial documents artefacts digital resources memorials films literature and art each chapter shows how different types of records can be utilised as accurate sources for the writing of holocaust history collectively they highlight the ways in which all material even the most fragmentary can be employed to recreate a reliable record of what happened during the holocaust and show how all sources considered can be employed to find meaning and understanding by exploring a range of sources deeply this book is a unique analysis of the types of sources that can be used to access the history of holocaust it will be of invaluable interest to readers students and researchers of the holocaust

indian research in english studies has a long and rich tradition but unfortunately it has failed to make any notable impact on the academic world this is largely due to the fact that most of the indian doctoral dissertations in english studies lie buried in university libraries and are inaccessible to aspiring researchers no attempt has been made so far to establish any link or co ordination between research activities of different universities institutes this has resulted in a total neglect of earlier research and unnecessary duplication the present volume is designed to end this unhappy situation by providing a complete and authentic account of research carried out in indian universities not only in british american commonwealth and indian english literature but also in comparative studies translation studies language linguistics and elt entries on the above mentioned are arranged subject wise in chronological sequence and are followed by a separate section on individual authors in alphabetical order thus it provides a consolidated view of indian research in english

and serves as an invaluable reference manual it is a step towards orientation and systematisation of indian research in english studies and will help to make research a well informed well planned and meaningful exercise

in 1997 saul friedländer emphasized the need for an integrated history of the holocaust his suggestion to connect the policies of the perpetrators the attitudes of surrounding society and the world of the victims provides the inspiration for this volume following in these footsteps this innovative study approaches holocaust history through a combination of macro analysis with micro studies featuring a range of contemporary research from emerging scholars in the field this peer reviewed volume provides detailed engagement with a variety of historical sources such as documents artifacts photos or text passages the contributors investigate particular aspects of sound materiality space and social perceptions to provide a deeper understanding of the holocaust which have often been overlooked or generalised in previous historical research yet as we approach an era of no first hand witnesses this multidisciplinary micro historical approach remains a fundamental aspect of holocaust research and can provide a theoretical framework for future studies
